

## Chapter 14 演習問題解答

### 1.

admin/staff\_members#index アクションを次のように書き換えます:

```
LIST app/controllers/admin/staff_members_controller.rb
```

```
class Admin::StaffMembersController < Admin::Base
  def index
    @staff_members = StaffMember.order(:family_name_kana, :given_name_kana)
      .page(params[:page])
  end
end
```

(以下省略)

admin/staff\_members#index アクションの ERB テンプレートを次のように書き換えます:

```
LIST app/views/admin/staff_members/index.html.erb
```

```
<% @title = '職員管理' %>
```

```
<h1><%= @title %></h1>
```

```
<div class="table-wrapper">
```

```
  <div class="links">
```

```
    <%= link_to '新規登録', :new_admin_staff_member %>
```

```
  </div>
```

```
  <%= paginate @staff_members %>
```

```
  <table class="listing">
```

(12-37 行省略)

```
  </table>
```

```
  <%= paginate @staff_members %>
```

```
  <div class="links">
```

```
    <%= link_to '新規登録', :new_admin_staff_member %>
```

```
  </div>
```

```
</div>
```
